## CHEEKY MONKEY SUCCESS TRAINING

### Here is what other businesses are saying about us.....

“I have known André of Cheeky Monkey for quite a few years now. When it comes to our marketing requirements he is ‘the man’ no matter what the task. From highly valuable advice to incredibly quick turnaround I am more than happy to recommend his services. His team at Cheeky Monkey follow his strong example to the letter which makes the whole company a winner.”

**Andrew Denmeade - Owner: Palmcourt Hotel, Corrimal**

“Steve Wisbey has spark, energy, intelligence and personality – which is rare in our increasingly beige world. He is an ideas man and a marketing specialist. I can vouch for the fact that he is the real deal – what you see is what you get.”

**Steve Montgomery - Program Manager - Macarthur Workplace Learning Program**

“The IRIS HOTEL GROUP has been excited by the innovative training approach André Moreitz & Steve Wisbey have shared with staff across our Hotels through the Cheeky Monkey Success Training Program.

Staff morale and motivation has improved significantly and importantly our turnover has jumped. I have found André Moreitz & Steve Wisbey’s program to be unique, unorthodox and inspired...in fact, we have been so impressed with the results, especially revenue growth of 20%, that we commissioned them to tailor more rounds of seminars and a staff motivation package. André and Steve’s resourcefulness, research and the quality feedback they provide to IRIS, as new promotional and operational systems are being implemented, is another reason why we consider Cheeky Monkey Success Training an asset as we move forward.”

**Rod Lawson - Group General Manager - IRIS HOTEL GROUP**
