"Steve Wisbey has spark, energy, intelligence and personality – which is rare in our increasingly beige world. He is an ideas man and a marketing specialist. I can vouch for the fact that he is the real deal – what you see is what you get."

Making substantially more money by adequately training your staff and using effective, proven marketing techniques is not difficult, **once you know what to do.**

We are meeting operators every week who are struggling or who are not banking the potential extra thousands of dollars they could be earning in their business. **Don't be one of them!**

We 'mystery shop' in businesses every week only to find that their staff training is inadequate or non-existent. **How does your staff measure up? Are they operating at their full potential?**

"The IRIS HOTEL GROUP has been excited by the innovative training approach André Moreitz & Steve Wisbey have shared with staff across our Hotels through the Cheeky Monkey Success Training Program.

Staff morale and motivation has improved significantly and importantly our turnover has jumped. I have found André Moreitz & Steve Wisbey's program to be unique, unorthodox and inspired...in fact, we have been so impressed with the results, especially revenue growth of 20%, that we commissioned them to tailor more rounds of seminars and a staff motivation package. André and Steve's resourcefulness, research and the quality feedback they provide to IRIS, as new promotional and operational systems are being implemented, is another reason why we consider Cheeky Monkey Success Training an asset as we move forward."

Rod Lawson - Group General Manager - IRIS HOTEL GROUP
